**RE: EB-2014-0323 Enbridge Dawn Access Settlement - Next Step Clarifications**

The purpose of this letter is to confirm our acceptance of Enbridge's summary of clarifications provided in its letter to the Board today. As communicated to the Board in our letter of November 11th, FRPO supports the Settlement Agreement and sought to inform the Board on Enbridge's commitments in seeking broader access to supplies, namely the Niagara delivery point. FRPO appreciates Enbridge's willingness to collaborate toward this end and its letter articulates to our satisfaction the ongoing commitments of the company to assess alternate delivery points for direct purchase in the best interest of the Ontario market.

We would like to express our appreciation to the Board and its staff in allowing for the opportunity to ask questions of Enbridge and make submissions at the oral hearing of November 20th. However, with the submission of Enbridge's clarification contained in the aforementioned letter today, we are satisfied that our concerns are addressed and will not avail ourselves of that opportunity.

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn  
Principal  
DR QUINN & ASSOCIATES LTD.
