Dear Ms. Walli:

Re: Enbridge Gas Distribution Inc. - EB-2014-0195
2013 Deferral and Variance Accounts Application
Comments on Intervenor Cost Claim Submissions

As per the Ontario Energy Board's (the "Board") Decision and Order dated October 23, 2014, Enbridge Gas Distribution Inc. (the "Company") has reviewed the cost claims subsequently received from the Vulnerable Energy Coalition ("VECC"), and the amended claim from the Building Owners and Managers Association ("BOMA").

The Company has no objection to the costs claimed by VECC. With regards to the amended BOMA claim, the Company is still not certain whether the amended consultant costs are appropriately recoverable within this proceeding, as the supporting time docket still refers to DSM related activities.

The Company awaits the recommendations and/or cost awards of the Board with respect to the above mentioned cost claims.

Yours truly,

(Original Signed)
