RE: File EB- 2014-0300 – Request for oral hearing

Dear Ms Walli,

Due to severe vision impairment (CNIB certified), it is only with much difficulty and for short duration that I am able to use a computer screen low vision magnifier to complete important tasks. I am aware that the OEB carries out its functions in proceedings through oral or written hearings.

As a citizen of Amherst Island, I am greatly concerned about the high risks that Windlectric's application will have on me and this community. Because of my vision impairment, if File EB- 2014-0300 was conducted as a written hearing it would pose considerable difficulty for me to participate fully.

As I may be affected by the Board's rulings, I am writing to request that an oral public hearing regarding File 2014-0300 be held in the County of Lennox and Addington, preferably on Amherst Island.

Sincerely,

Jo-Anne Watts
