Dear Ms. Walli

**Re: Enbridge Gas Distribution Inc. ("EGD")
January 1, 2015 QRAM Application**
Board File #: EB-2014-0348

I am writing on behalf of Canadian Manufacturers & Exporters ("CME"). Please consider this correspondence as CME's written comments on EGD's QRAM Application, which seeks changes to EGD's rates for the sale, distribution, storage and transmission of natural gas effective January 1, 2015.

As the Board is aware, it is CME's practice to conduct a due diligence review of EGD's QRAM applications.

We have had some difficulty tracking the impact which the recently approved TCPL tolls have on EGD's gas costs. In this regard, we believe that we would benefit from the information that Board Staff has requested in Question #2 contained in its correspondence of earlier today.

Subject to better understanding this single issue, CME finds that the Application is in accordance with the Board-approved QRAM mechanism. As such, subject to reviewing the answers EGD will give to Board Staff's questions, we do not oppose the relief sought by EGD.

CME requests an award of its reasonably incurred costs in connection with conducting its examination of EGD's QRAM Application.

Yours very truly
