ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF HALTON HILLS HYDRO INC.

**Halton Hills Hydro Inc. has applied to raise its
electricity distribution rates.**

Learn more. Have your say.

Halton Hills Hydro Inc. has applied to the Ontario Energy Board to increase the amount it charges by approximately \$0.45 each month for the typical residential customer beginning on May 1, 2015. Other customers, including businesses, may be affected as well.

The requested rate increase is set using a formula which is tied to inflation and other factors intended to promote efficiency.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Halton Hills Hydro's request. We will determine whether Halton Hills Hydro has used the applicable models and formulas as required by the OEB. At the end of this hearing, the OEB will decide on the appropriate rate changes.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

BE INFORMED AND HAVE YOUR SAY

You have the right to information regarding this application and to be involved in the process. You can:

- review Halton Hills Hydro's application on the OEB's website now;
- file a letter with your comments, which will be considered during the hearing;
- become an active participant (called an intervenor). Apply no later than **10 calendar days** after the publication or service date of this notice or the hearing will go ahead without you and you will not receive any further notice of the proceeding;
- at the end of the process, review the OEB's decision and its reasons on our website.

The OEB intends to consider cost awards in this proceeding that are in accordance with the *Practice Direction on Cost Awards* and are in relation to Halton Hills Hydro's request for an adjustment to its base rates given its earnings in the prior year.
