17 December 2014
Ontario Energy Board
P.O. Box 2319
2300 Young St, 27th Floor
Toronto, Ontario, M4P 1E4

Attn: Ms. K. Walli, Board Secretary

Dear Ms. Walli:

**Re: File No. EB-2014-0300, Windlectric Inc. Proposed Amherst Island Wind Energy Project
Request for an open hearing and registration as a monitor**

I understand that the Ontario Energy Board will soon decide whether an oral or written hearing will be held with respect to Windlectric's application (File EB-2014-0300). I am a summer resident of Amherst Island and am writing about the above-cited project. I am a member of the Association to Protect Amherst Island (APAI) and I am greatly concerned about the Windlectric project.

I have two requests:

First, I ask that the Ontario Energy Board hold an open hearing in the community so that the process would be open and transparent to all members of the community on Amherst Island, including permanent residents and summer residents. There is considerable mis-information about this project and its impact on the community. An open hearing would ensure that all persons who may be impacted by this project will have the opportunity to hear all sides of the proposal presented and debated in a public forum.

Second, I wish to be registered as a monitor and receive notice of the proceedings. Notice can be sent to me as follows:

Postal Mail: George Kapelos [REDACTED]

Email: [REDACTED].

Kindly acknowledge receipt of this letter. I appreciate the opportunity afforded by the OEB for me to express my views and participate in this decision-making process. Thank you.

Sincerely,

George Thomas Kapelos
