Thanks Georgette, it looks fine.

We know that the rate class WPM does not exist, and I also see that the price escalator was updated, which reduced overall rates from the first submission. Given that we have elected not to dispose, there are no proposed rate riders. If we did elect to dispose however, the GA rate rider would still be wrong in the model, however, given that we are not disposing, this does not factor in.

Warmest regards and thank you Georgette.

Sandra

---

Hi Sandra,

Please see the attached Word document noting the corrections made (red font) and the corrected Rate Generator model. Staff has made the corrections to Thunder Bay Hydro's Rate Generator Model based on the responses provided to Board staff questions.

Please review the attached corrected model and provide any comments you may have at your earliest convenience. If you have any questions, please don't hesitate to give me a call.

Thanks again,  
Georgette

Georgette, please see the update in orange font (word document), as well as an updated IRM model & related attachment for the rate rider.

Warmest regards,  
Sandra

---

Hi Sandra,

Further to our telephone conversation with respect to the above noted application, I am sending you a few questions (attached) which require clarification. Could you have a look at them and let me know whether the teleconference scheduled for September 26, 2014 (as per the Case Management Letter) is necessary to discuss?

If you feel you have all the information you need to respond, you can send me back your responses by email.

Thank you,

**Georgette Vlahos**
