Dear Ms. Walli:

**Re: Toronto Hydro-Electric System Limited (“Toronto Hydro”)
Custom Incentive Rate-setting Application for 2015-2019 Electricity Distribution Rates
and Charges (the “Application”) – PSE September 2014 Data and Responses**

Toronto Hydro writes to the Ontario Energy Board (“OEB”) in respect of the above-noted matter.

On September 3, 2014, OEB Staff filed a letter requesting that Toronto Hydro and its consultant Power System Engineering Inc. (“PSE”) provide OEB Staff and their consultant Pacific Economics Group LLC (“PEG”) certain information that would enable PEG to undertake a more complete review of Toronto Hydro’s evidence in the area of productivity and benchmarking. OEB Staff acknowledged that this information is typically requested through interrogatories, but asked Toronto Hydro to provide this information in advance to facilitate the application review process.

Following an execution of a Non-Disclosure Agreement between PSE and PEG, Toronto Hydro and PSE supplied the requested information to OEB Staff and PEG on September 27, 2014. The information was submitted directly to the requesting parties. To ensure the completeness of the application record, enclosed are copies of the information provided to OEB Staff and PEG in response to OEB’s Staff’s September 3, 2014 letter.

Under separate cover, Toronto Hydro requests that certain parts of the information (namely the data requested by questions 1(a) – (d) of OEB Staff’s September 3, 2014 letter) be treated confidentially, pursuant to the OEB’s *Rules of Practice and Procedure* and the OEB’s *Practice Direction on Confidential Filings*.

Please do not hesitate to contact me if you have any questions.

Yours truly,
