Attention: Laurie Kilpatrick

Dear Ms. Kilpatrick:

Re: Request for support regarding the September 19, 2014 Windlectric Application # EB-2014-0300 to the Ontario Energy Board (OEB)

On November 28, 2014, the Association to Protect Amherst Island (APAI) presented a letter to Loyalist Township Council requesting that Council support the APAI position that hydro electric transmission lines for the Windlectric project, if approved, be buried on Amherst Island rather than erected as overhead lines.

We advise that, at the regular meeting Council on December 8, 2014, Council passed the following resolution of support for the APAI position on buried transmission lines for the Windlectric project, if approved. This resolution of support states the following:

Resolution 2015.2.24

Moved by Deputy Mayor Bresee and seconded by Councillor Ashley that the correspondence received from the Association to Protect Amherst Island (APAI), November 28, 2014 re: Windlectric's Application to the Ontario Energy Board for an order granting leave to construct transmission facilities in Loyalist Township, be received and the requests for access to public documents and letter of support, be supported. Motion Carried

Should the APAI have any questions pertaining to the above, please contact this office.

Yours sincerely

Paul Snider
Director of Administrative Services/Clerk
