LETTER OF COMMENT

Comments:

Re Enbridge Gas request for natural gas rate increase effective January 1, 2015.

Hopefully your crack research team is able to read the same reports as the general public which reflect the path that the price of energy including natural gas is following. If not refer to these web sites.

Daily update choose natural gas for graph

Oh wait that's a US publication, but you get the idea.

My equal billing for December 2013 = \$78.94 After this billing I had paid \$58.71 more then actual used.

My equal billing for December 2014 = \$129.62 After this billing I have paid \$163.05 and been billed for \$396.48 and difference of \$233.43.

Thank you for taking my comments into consideration, and Happy New Year!!!! Lyle Walter
