Ontario Energy Board Commission de l'énergie de l'Ontario

IN THE MATTER OF the *Ontario Energy Board Act, 1998*,
S.O. 1998, c. 15 (Sched. B), as amended;

AND IN THE MATTER OF an Application by Enbridge Gas
Distribution Inc. for an Order or Orders approving or fixing
rates for the sale, distribution, transmission and storage of
gas.

APPLICATION

1. The Applicant, Enbridge Gas Distribution Inc. (“Enbridge”) is an Ontario corporation with its head office in the City of Toronto. It carries on the business of selling, distributing, transmitting and storing natural gas within Ontario.
2. Enbridge hereby applies to the Ontario Energy Board (the “Board”), pursuant to section 36 of the Ontario Energy Board Act, 1998, as amended (the “Act”) for an Order or Orders approving or fixing just and reasonable rates for the sale, distribution, transmission and storage of gas commencing January 1, 2015.
3. As of January 1, 2015, Enbridge will be entering the second year of a five year Incentive Regulation (IR) plan approved by the Board in EB-2012-0459. The Board Decision with Reasons in that proceeding establishes a Custom IR framework to set Enbridge’s rates over the period from 2014 to 2018. Specifically, the Board’s Decision with Reasons and related Rate Order approved placeholder Allowed Revenue amounts for 2015 to 2018, subject to adjustment each year to update certain elements of Allowed Revenue. The resulting final Allowed Revenue amount for each year is to be used to set final rates, based upon updated volume forecasts for that year.

4. Enbridge applies to the Board for such final, interim or other Orders, accounting orders and deferral and variance accounts as may be necessary in relation to approve:
 - i. Final rates for the year commencing January 1, 2015;
 - ii. Changes to Rider G (Service Charges);
 - iii. The continuation of approved deferral and variance accounts for 2015;
 - iv. The approval of a new Customer Final Bill Deferral Account; and
 - v. The determination of all other issues that bear upon the Board's approval or fixing of just and reasonable rates for the sale, distribution, transmission and storage of gas by Enbridge for the year commencing January 1, 2015.

5. Enbridge further applies to the Board pursuant to the provisions of the Act and the Board's Rules of Practice and Procedure for such final, interim or other Orders and directions as may be appropriate in relation to the Application and the proper conduct of this proceeding.

6. As a result of this Application, average rate increases will be approximately 2% or less for all customer classes on a T-service basis (that is, excluding commodity costs). For residential customers, the average T-service increase will be approximately 2.1% or about \$11 annually.

7. Enbridge respectfully requests that the Board establish a process for this Application that provides for interim rates to be implemented as of January 1, 2015, and for Rider D (refund of Site Restoration Cost Reserve) to be implemented as of January 1, 2015. Enbridge further requests that the Board establish a process for final rates to be approved as soon as possible, and in any event in

sufficient time for implementation in conjunction with the April 1, 2015 QRAM Application.

8. Enbridge requests that a copy of every document filed with the Board in this proceeding be served on the Applicant and the Applicant's counsel, as follows:
