Dear Ms Walli

**Regulated Price Plan
Consultation on Time-of-Use ("TOU") Pricing Framework
Board File No.: EB-2007-0672
Our File No.: 339583-000003**

We are writing this letter on behalf of our client, Canadian Manufacturers & Exporters ("CME"), as a follow-up to comments contained in our letter of May 23, 2008.

CME has asked us to emphasize that nothing in our letter of May 23, 2008, should be interpreted as a desire by CME to perpetuate any subsidy that is inherent in existing electricity General Service rates. CME agrees with and supports the principle that everyone should pay their fair share of the real costs of power.

CME is interested in achieving a Time-of-Use ("TOU") Pricing Framework which will be reasonably responsive to the circumstances and needs of Ontario manufacturers served under the auspices of General Service rates.

As stated in our earlier letter, CME believes that further information pertaining to the impacts on small manufacturers of TOU Pricing structure alternatives for General Service rates and further collaboration with Consultative participants is required before CME can provide considered responses to the questions posed in the Board Staff Discussion Paper.

We invite Board Staff or any other Consultative participants to contact us if the views expressed in our May 23, 2008 letter and in this letter require further elaboration.

Yours very truly
