Dear Ms. Walli

**Re: Union Gas Limited (“Union”)
Dawn Parkway 2016 Expansion Project**
Board File #: EB-2014-0261

In its letter to the Board of January 21, 2015, Union outlines proposed steps and proposed dates for this proceeding. The letter also encloses a Proposed Issues List which Union asks the Board to consider when issuing a Procedural Order and its own draft Issues List.

When considering its own draft Issues List, we respectfully request that the Board consider revising Issues 3 and 4 in the List proposed by Union to read as follows:

3. What are the potential short-term and long-term rate impacts to customers and are the costs of the facilities and those rate impacts to customers appropriate?

The purpose of our suggested revisions to Issue 3 is to make it clear that both short-term and long-term costs and rate impacts are to be evaluated.

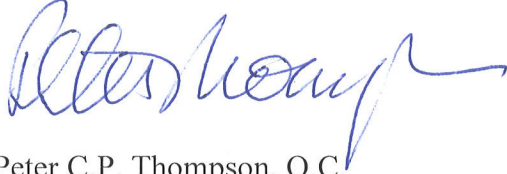

4. What are the facilities and non-facilities alternatives to the proposed facilities? Have these facilities and non-facilities alternatives been adequately assessed and are any of these alternatives preferable to the proposed facilities, in whole or in part?

The purpose of the suggested revisions to Issue 4 is to make it clear that both facilities and non-facilities alternatives need to be considered and that there may be alternatives that would replace some, but not all, of the proposed facilities.

We would appreciate the Board's consideration of these suggestions when it completes its draft Issues List to be included in the Procedural Order proposed by Union.

Yours very truly
