**File No. EB-2014-0300**

**Attn: Ms. K. Walli, Board Secretary**

Dear Ms. Walli:

**Re: Windlectric Inc. Proposed Amherst Island Wind Energy Project**

**APAI Request for an Extension to the Board's Feb. 12, 2015 Deadline for Filing  
APAI's Response to Interrogatories**

---

We are writing to respectfully request that the Board grant APAI a one week extension to the Feb.12, 2015 deadline for submission of our Response to Interrogatories as set out in Procedural Order No. 2.

This deadline pertains to APAI's response to interrogatories from the Applicant and from Board Staff which were filed on Jan. 29, 2015.

Our reasons for requesting an extension include the following:

1. Many of the written questions require a detailed response and the information in many cases is not readily available. In other cases, we are holding meetings with third parties in order to provide a full response and some of these meetings are scheduled for next week.
2. In APAI's letter of January 19, 2015 (p.6) we requested the OEB consider adding one week to the standard deadlines to enable us to consult with the Board on drafts of our submissions. This response is one case where an extra week would enable us to conduct an internal review in advance of sending it to the OEB and the Parties.
3. Next week (Feb. 11 and Feb 12) we are attending a Court Proceeding with respect to APAI's request for a Judicial Review on completeness in Toronto.

Thank-you in advance for considering this request.

Yours truly,
