Re: EB-2014-0022

Ontario Energy Board

Attn: Kirsten Walli, Board Secretary
P Box 2319
27th Floor
2300 Yonge Street Toronto ON M4P 1E4

February 11, 2015

Dear Ms. Walli,

RE: EB-2014-0022: Correspondence dated February 9, 2014 requesting a reply by February 13, 2015

Thank you for requesting clarification of our correspondence to the Board dated September 2, 2014, at page 5, paragraph (c), where WAIT-PW submitted that: “the Hydro One Networks Inc.’s (Hydro One) Customer Impact Assessment report is not valid for the Applicant’s Proposed Transmission Facilities because it references a different location and the Applicant has not disputed that fact”.

You commented:

The Board notes WAIT-PW’s argument that the Customer Impact Assessment (CIA) report is not valid because it references a different location. The Board further notes that at section 1.2.1 of the CIA Addendum Report, the report states that the Cedar Point Customer Generation Station (CGS) is located in the Municipality of Adelaide-Metcalf while the application states that the transformer station associated with the Cedar Point Project is located in the Township of Bosanquet in the Municipality of Lambton Shores.

Wait PW further notes that the document WAIT PW referenced is found in Suncor’s Application at Exhibit H Tab 3 Schedule 1 **Addendum Customer Impact Assessment** issued by the Transmission System Development Division Hydro One Networks Inc dated June 8 2012.

This report, at **1.0 Introduction** states:

Suncor Energy is to develop a 100 M W wind energy generation facility. The wind energy facility, known in this document as Cedar Point Wind Project (CPWP), will be constructed in the Township of Adelaide-Metcalf in Middlesex County.

WAIT PW points out that the first page of the Application for Leave to Construct identifies the location of the facility for which Suncor is seeking Leave to Construct is:

In the Matter of an Application by Suncor Energy Products Ins. For an Order or Orders pursuant to Section 92 of the *Ontario Energy Board Act 1998* (as amended) ***granting leave to construct transmission facilities in the municipality of Lambton Shores, Lambton County, Ontario.*** (our emphasis).

WAIT PW trusts that this letter clarifies the basis for our submission. Please let us know if we can be of further assistance.

Sincerely,

Original signed by:
