Dear Ms. Walli,

**Re: Kingston_2015 Rates Application EB-2014-0088
Draft Tariff Review**

Per the Ontario Energy Board's letter dated February 5, 2015, that provides the draft of the decision the delegated authority proposes for Kingston Hydro's 2015 application for rates, Kingston has reviewed the decision and accompanying draft rate order.

Kingston acknowledges the retail transmission service rates in the draft tariff are based upon the best available information at the time of the Board's letter and that Board staff will update this application with any applicable retail transmission rates should more information become available prior to final decision issuance. Kingston confirms the draft tariff is complete and accurate.

Yours truly,
