**Re: Horizon Utilities Corporation
Application for 2015 - 2019 Distribution Rates
Board File Number: EB-2014-0002**

In its Rate Order dated January 8, 2015 the Board approved the Tariff of Rates and Charges filed by Horizon Utilities Corporation on December 18, 2014. Appendix A – the Tariff of Rates and Charges contained an error. The title page to Appendix “A” and the Tariff Sheets respectively included the words “Draft” and “Proposed” before “Tariff of Rates and Charges”.

Pursuant to its powers under Rule 43.02 of the Board’s Rules of Practice and Procedure, the Board may at any time, without notice or a hearing of any kind, correct a typographical error, error of calculation or similar error made in its orders or decisions. The Board considers this error to be a typographical error. The revised Tariff of Rates and Charges is attached. This revised Tariff of Rates and Charges replaces the tariff provided in Appendix A of the Rate Order issued by the Board on January 8, 2015.

In addition, Horizon has requested that its tariffs be updated to reflect 2015 uniform transmission rates (UTRs). Given the timing of rates decisions, distributors whose rates are set as of January 1 typically derive their retail transmission service rates (RTSRs) using the previous year’s UTRs because updated ones are not yet available. Horizon’s rates were set on January 8th, 2015, using this approach.

While it is true that the 2015 UTRs were set on a final basis on the same day that Horizon’s rates were, the 2015 UTRs were not final during the comment process for Horizon’s rates. Had 2015 UTRs been implemented in the Board’s rate order regarding Horizon’s rates on January 8th, no party would have been given the opportunity to review and comment on the manner in which the UTRs were incorporated, which would be contrary to the principles of procedural fairness and Board practice. Another consideration is that no party will be adversely affected by retaining RSTRs based on 2014 UTRs in 2015, since any differences arising from the new 2015 UTRs will be

captured in variance accounts for future disposition. Accordingly, Horizon's RTSRs will not be adjusted at this time.

Yours truly,

Kirsten Walli
Board Secretary
