Dear Ms. Walli,

Re: Union Gas Limited 2014 Rates Application, EB-2013-0365

On February 18, the Industrial Gas Users Association ("IGUA") and Canadian Manufacturers & Exporters ("CME") filed a letter with the Ontario Energy Board regarding time and costs incurred regarding resolution of the complicated Parkway Delivery Obligation issue.

It is APPRO's view, as a participant in this matter, that these parties spent considerable time with Union to work through a solution. Had they not done so, the time (and costs) spent by the larger group would have been substantially greater, and the likelihood that a settlement could be reached would have been much lower.

We therefore support their request.

Sincerely,
