Ontario Energy Board 2300 Yonge Street 27th Floor Toronto, Ontario M4P 1E4

Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2014-0134 - DSM Framework - SEC Cost Claim

We are counsel for the School Energy Coalition. We enclose the cost claim of the School Energy Coalition, on the Board's form and enclosing docket details.

SEC notes that the total hours on the docket detail are 110.1 hours, which would translate into a cost claim of \$41,056.29 (\$36,333.00 fees plus \$4,723.29 HST). The actual cost claim we have presented is for \$20,695.95, approximately half as much. Further, the 110.1 hours spent does not include 10.7 hours for Mark Rubenstein in support. We have also followed our normal practice of not including most routine disbursements, and of course we have not included the extensive time spent by employees of our client organization, and of its members, on this consultation.

SEC believes this is a circumstance in which the Board should exercise its discretion to order costs at a level in excess of the caps stipulated in the original Board letter. The issues raised by this consultation were material, both in general and particularly to the schools, our clients. Schools are market leaders in energy efficiency, and were heavily engaged in the issues raised. SEC also took a leadership role in both the working group process, and the discussions amongst intervenors and utilities leading up to the submissions on the draft policy. All of this took considerably more time than the Board could have contemplated in setting the original limits on the numbers of hours.

In these circumstances, SEC requests that the Board order inclusion in the cost order of all or some of the additional hours set out in the docket detail. We are not requesting inclusion of Mr. Rubenstein's time, nor any other disbursements or other costs our clients have incurred in this process. However, it is submitted that the additional hours in the docket detail were entirely used to maximize the assistance SEC could provide to the Board, and it would be appropriate to have those paid by the utilities, rather than by our client.

All of which is respectfully submitted.

Yours very truly,

JAY SHEPHERD P. C.
