Attention: [REDACTED]

Dear: [REDACTED]

**Re: Pembina Infrastructure and Logistics LP ("Pembina")
Corunna Storage Terminal
Approval to Store Hydrocarbons in Salt Solution Mined Caverns**

Pembina has a dedicated history of stakeholder engagement regarding its Corunna Facility, which was created by and continues to be maintained through direct interactions with its neighbors and area stakeholders. As part of our ongoing commitment to stakeholder engagement, Pembina wishes to share information regarding its upcoming cavern development projects.

Pembina proposes to apply to the Ontario Ministry of Natural Resources and Forestry ("MNR") for approval to:

- Convert Cavern 45 in 2015 by abandoning the current entry well and drilling two new entry wells; and
- Expand Pembina's current storage capacity in existing Salt Solution Mined Caverns, by converting 10 currently unused Salt Solution Mined Caverns to hydrocarbon storage within the next fifteen years.

Pembina is providing this notification package to inform you of its proposed applications to the MNR.

Should you have any questions or concerns about these proposed applications, please do not hesitate to contact the undersigned at (403) 231-3157 or email at pmiles@pembina.com.

Sincerely,

Peter Miles
Supervisor, Land (Operations & Integrity)
