Dear Mr. Quinn:

**Re: Late Intervention Request for Union Gas Limited
Application for Burlington Oakville Pipeline Project
File # EB-2014-0182**

The Notice for this proceeding required that all requests for intervenor status must be filed by February 2, 2015.

On March 10, 2015, Ontario Greenhouse Vegetable Growers (OGVG) filed a late intervention request. No objection was received from Union Gas Limited. The Board approves OGVG as an intervenor in this application. The Board has also determined that OGVG is eligible to apply for an award of costs under the Board's *Practice Direction on Cost Awards*.

In granting the intervention request, the Board requires OGVG to adhere to the case schedule outlined in the Procedural Orders issued to-date by the Board in this proceeding. The Board also requires OGVG to accept the record as it currently stands.

Yours truly,
