Dear Ms. Allman:

**Re: Enbridge Gas Distribution Inc.  
Multi-Year DSM Plan  
Board File No. EB-2015-0049**

The Board has received Enbridge Gas Distribution Inc.'s ("Enbridge") letter of March 5, 2015 indicating that it intends to file a 2015 DSM Settlement Agreement on April 1, 2015 and will file its multi-year (2016-2020) DSM plan by May 4, 2015 in order to complete stakeholdering.

In its report, Demand Side Management Framework for Natural Gas Distributors (2015-2020), the Board stated its expectation that utilities file complete multi-year DSM plans for 2015 to 2020 on or before April 1, 2015. Furthermore, the Board stated that it expected DSM targets and budgets to be excluded from settlement amongst the parties so that the Board has the opportunity to consider all aspects regarding targets and budgets through the hearing. Finally the Board expressed the expectation that the applications of the gas utilities would be heard through a combined proceeding.

While the Board encourages all applicants to undertake stakeholder consultation before filing an application, the Board's expectations have not changed, including the expectation that DSM plans for 2015 to 2020 be filed by April 1, 2015. The Board panel hearing the application will determine if there are any implications of filing after that date.

Yours Truly,
