

EB-2015-0045

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O.1998, c. 15, Schedule B;

AND IN THE MATTER OF an application made pursuant to section 74 of the *Ontario Energy Board Act, 1998* by the Independent Electricity System Operator to amended its licence "EI-2013-0066";

AND IN THE MATTER OF a request made pursuant to section 77(5) of the *Ontario Energy Board Act, 1998* by the Independent Electricity System Operator to cancel licence "EO-2010-0220" of the Ontario Power Authority.

By delegation, before: Peter Fraser

ORDER
March 19, 2015

The Independent Electricity System Operator (IESO) filed an application dated February 25, 2015 with the Ontario Energy Board (OEB) in which it requests to amend IESO licence "EI-2013-0066" and to cancel Ontario Power Authority (OPA) licence "EO-2010-0220". The OEB assigned file number EB-2015-0045 to the application.

The IESO and the OPA amalgamated on January 1, 2015. The amalgamated entity continues under the IESO name and combines the mandates of its two predecessors.

With the application, the IESO filed a proposed as amended IESO licence. The proposal serves to integrate the relevant sections of the existing IESO and OPA licenses in to a single IESO licence. The only substantive amendment proposed by the IESO is an additional condition relating to reporting results of electricity distributors' conservation and demand management programs to the OEB.

I have reviewed the proposed as amended IESO licence and am satisfied that it properly incorporates those sections from the OPA licence that are not currently in the IESO licence.

I have considered the application without holding a hearing pursuant to section 6(4) of the *Ontario Energy Board Act, 1998*.

IT IS ORDERED THAT:

1. The IESO licence “EI-2013-0066” is amended in accordance with the attached revised licence.
2. The OPA licence “EO-2010-0220” is cancelled effective immediately.

DATED at Toronto, March 19, 2015

ONTARIO ENERGY BOARD
