Dear Ms Walli:

**Re: EB-2008-0106/
Commodity Pricing, Load Balancing and Cost Allocation Methodologies
for Natural Gas Distributors in Relation to Regulated Gas Supply
("the Proceeding")**

Letter of Intervention of the Consumers Council of Canada

We are counsel to the Consumers Council of Canada (the "Council").

We have been instructed by our client to advise you that it wishes to participate in this Proceeding. We also wish to advise you that our client will be making a request for an award of costs for its participation in the Proceeding.

The issues to be considered in the Proceeding are ones which have a significant impact on the natural gas services which residential consumers receive, and the prices they pay for those services. The issues have arisen in many, if not all, of the rate applications, and related policy proceedings, in which the Council has been an active participant. It is essential that any policies adopted with respect to these issues protect the interests of residential consumers.

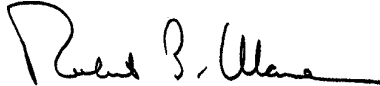

The Council is a non-profit, public interest organization, which represents the interests of the broad array of residential consumers of natural gas in Ontario. The outcome of the proceeding will have an impact on the interests of residential consumers. Our client, therefore, has a substantial interest in the outcome of the proceeding. Our client intends to participate actively in the proceeding.

Our client will be represented principally by Julie Girvan. We would appreciate your having all materials with respect to the proceeding delivered to Ms. Girvan. Ms. Girvan's contact

information is: 2 Penrose Road, Toronto, ON M4S 1P1, telephone: (416) 322-7936, fax: (416) 322-9703, e-mail: jgirvan@ca.inter.net.

Yours very truly,

WeirFoulds LLP
