Dear Ms. Walli

Re: **EB-2014-0059**

Pursuant to the Board's March 19, 2015 Decision and Rate Order in the above named matter Burlington Hydro reviewed the draft Tariff of Rates and Charges.

Burlington Hydro notes that the draft Tariff includes the "Rate Rider for Refund of Smart Metering Entity Charge Over-Recovery – effective until April 30, 2015" for the Residential, General Service Less than 50 kW and General Service 50-4,999 kW classes. Since these rate riders expire the day before new rates take effect they should be removed. Burlington Hydro has not identified any other inaccuracies on the draft Tariff of Rates and Charges.

Please do not hesitate to contact me if you have questions in this matter.

Sincerely

K. Farmer
Manager, Regulatory Affairs
