Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2014-0134 – DSM Framework – SEC Cost Claim

We are counsel for the School Energy Coalition. In response to the Board's decision of March 27, 2015, we enclose the additional cost claim of the School Energy Coalition, on the Board's form and enclosing docket details.

This claim includes only the hours incremental to our original claim. For each of the components of the hours (each meeting, for example), we have included only the hours in excess of the original claim.

The Board will note that the additional hours are made up mostly of

1. Additional client interaction (about 35 hours), including meetings in July, the letter of concerns flowing out of those meetings, and detailed reporting of positions to, and feedback from, all school boards in September. As we have noted in the past, school boards are conservation leaders, and the issues raised in this consultation sparked considerable interest and discussion that informed our participation.
2. More extensive final submissions (about 15 hours).
3. Meetings and other discussions with the two utilities.

Jay Shepherd Professional Corporation

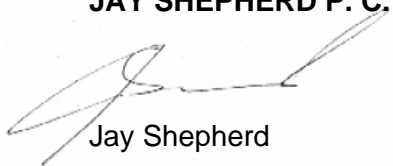

In our earlier claim, SEC did not include 10.7 hours spent by Mark Rubenstein in supporting activities. We have reviewed those hours, and have determined not to include them in this incremental claim.

We very much appreciate the Board's consideration of these additional hours.

All of which is respectfully submitted.

Yours very truly,

JAY SHEPHERD P. C.

Jay Shepherd
