Dear Mr. Pickernell:

**Re: Pembina Infrastructure and Logistics LP ("Pembina")
Board File No.: EB-2015-0032**

In the Ontario Energy Board's ("OEB") Letter of Direction (the "Direction") dated March 6, 2015, the OEB directed Pembina to comply with the Direction within fourteen days. Accordingly, on March 19, 2015 Pembina confirmed completion of the Direction.

At this time, Pembina is also writing to confirm that Pembina followed up on all packages that were delivered by registered mail and has received Canada Post confirmation that all packages have been accepted.

Further to our recent telephone conversation with the OEB on March 26, 2015, Pembina served a copy of the completed Notice, the location map, Project Specific Information Package and an electronic copy of Pembina's Application and evidence by courier on Dow Chemical Canada Inc. ("Dow"). Dow was included in Pembina's original notification, however, was accidentally missed in the Direction notification. Pembina followed up and has received confirmation that the package to Dow was successfully delivered and apologize for any inconvenience this oversight may have caused.

We trust the enclosed addresses the Direction. If you require additional information or have any questions with regards to this information, please contact Melissa Lundy, Regulatory Advisor at (403) 231-3153 or by email at mlundy@pembina.com.

Sincerely,
