Grimsby Power Incorporated
Applications for the Amalgamation of Niagara West Transformation Corporation
and Grimsby Power Inc.
EB-2014-0344
Board Staff Comments on Draft Rate Order

On March 26, 2015 the Board issued its Decision on the Applications for the Amalgamation of Niagara West Transformation Corporation and Grimsby Power Inc.(Grimsby). The Decision required Grimsby to submit a draft Rate Order by April 6, 2015, reflecting the Board's findings in the Decision. Grimsby submitted a draft Rate Order and supporting documentation on April 6, 2015.

Board Staff has a few comments of an administrative nature regarding the proposed Tariff of Rates and Charges:

- The header of the proposed tariff has been changed to reflect effectiveness and implementation as at the amalgamation date
- The original docket number for 2015 rates has been re-inserted into the header, in addition to the current docket number
- The rate class description for the Niagara Peninsula Energy Inc. rate class has been revised to provide more detail
- An effectiveness period to the effective date of the next cost of service based rate order has been added to the Niagara Peninsula Energy Inc. rate class

Board Staff requests that in its reply comments to its draft Rate Order, Grimsby confirms that it is in agreement with these changes. Please see the attached updated Tariff of Rates and Charges.

- All of which is respectfully submitted -
