Dear Ms. Walli,

**Re: Kingston Hydro Corporation –2016 Custom IR Rate Application – EB 2015-0083**

The Ontario Energy Board (the "Board") issued a letter to all distributors on January 29, 2015 regarding 2016 Electricity Distribution Rate Applications. The Board identified the distributors scheduled to apply to have their rates rebased for 2016 (the "2016 Rebasing List"), based upon those distributors whose rates were last set based on a cost of service application for the 2012 rate year, as well as distributors that were scheduled to have their rates rebased for the 2015 rate year but whose rate rebasing was deferred by one year.

Kingston Hydro Corporation submitted a letter to the Board on February 27, 2015 advising of its intention to file a Custom IR cost of service application for rates effective January 1<sup>st</sup> for each of 2016, 2017, 2018, 2019 and 2020.

Since that time Kingston Hydro has been in contact with the intervenors of record in our last cost of service proceeding, EB-2010-0136, with the goal of engaging the intervenors in a meeting to present the highlights of our custom IR application. As Board staff is aware, the meeting is scheduled for April 23, 2015 at the Board's offices. Kingston Hydro hopes to obtain intervenor feedback regarding its distribution and rate plans.

In that respect, Kingston Hydro advises the Board that it plans to take into consideration the questions and comments from the intervenors before the application is finalized and submitted. Therefore, Kingston will not be in a position to file its application by April 24, 2015.

Kingston Hydro plans to file its application as soon as possible subsequent to the meeting on April 23, 2015 but no later than May 31, 2015.

If you have any questions, please do not hesitate to contact me.

Respectfully submitted,
