**Re: Amendment to the Reporting and Record Keeping Requirements  
("Electricity RRR") for Licensed Electricity Distributors**

---

The Ontario Energy Board (the OEB) is making an amendment to the Electricity Reporting and Record Keeping Requirements (Electricity RRR) to reference the billing accuracy measure and a target set out in the OEB's final amendments to the Distribution System Code (the DSC) issued today.

As indicated in the OEB's [Proposed Amendments to the DSC](#) issued on February 5, 2015, the Board will amend section 2.1.19(b) of the Electricity RRR to cross-reference section 7.11 of the DSC.

Section 7.11 of the DSC now includes a billing accuracy measure, a target level for the performance measure (which is 98%), and a definition for "accurate bill".

Section 2.1.19(b) of the Electricity RRR is amended to cross-reference section 7.11 of the DSC. The amendment to the Electricity RRR is set out in Attachment A to this letter.

Any questions relating to the amendment to the Electricity RRR should be directed to [IndustryRelations@ontarioenergyboard.ca](mailto:IndustryRelations@ontarioenergyboard.ca) or 416-440-7604. The Board's toll-free number is 1-888-632-6273.
