Dear Ms Walli

Union Gas Limited
Application for Invoice Vendor Adjustment ("IVA")
Board File No.: EB-2007-0599
Our File No.: 302701-000417

I am writing as counsel for the Industrial Gas Users Association ("IGUA"). Please consider this correspondence as IGUA's questions with respect to Union's evidence to be answered at the Technical Conference on May 9, 2007.

IGUA's questions are as follows:

1. Will the IVA charge, which is currently set out as a flat fee of \$1.85 for each successfully submitted IVA transaction, pay for all of the incremental costs associated with IVA functionality and transactions?
2. If not, will any of the costs associated with IVA functionality or transactions be allocated to in-franchise customers?
3. If so, please identify which rate classes will contribute to the IVA functionality and transactions.

IGUA does not intend to physically attend at the Technical Conference on May 9, 2007. Union has assured IGUA that it will answer these questions on the record despite IGUA not attending. I trust this meets the Board's approval.

Yours very truly
