April 22, 2015

Dear Ms. Gocool;

Thank you for forwarding the communication from Mr. John Pickernell regarding case EB-2015-0129.

Since Mr. Pickernell has confirmed that a decision on this application will be reached through a public hearing, please accept this correspondence as a formal request by the groups Concerned Seniors Lambton County, and WAIT-PW (We're Against Industrial Wind Turbines Plympton-Wyoming) for intervenor status at this hearing.

Both groups were granted intervenor status in the original application for Suncor's leave to construct a transmission facility, assigned case # EB-2014-0022. The two groups were subsequently merged into one group, WAIT-PW, to streamline the hearing and avoid duplication. We would proceed as one group, WAIT-PW, for the purpose of this hearing.

WAIT-PW represents the interests of a very large group of concerned citizens in the County of Lambton. WAIT-PW was formed in the spring of 2012 in response to concerns about the proposed industrial wind power plant developments in our area. Concerned Seniors Lambton County was formed in 2014 in response to the escalating electricity costs and the impact of these costs on seniors with a fixed income.

We will endeavour to keep our participation within the OEB's mandate and submit only pertinent information and will respect board processes.

WAIT-PW will not be seeking cost awards.
