Dear Ms Walli

Enbridge Gas Distribution Inc.
Quarterly Rate Adjustment Mechanism ("QRAM") of July 1, 2008
Board File No.: EB-2008-0069
Our File No.: 339583-000003

I am writing on behalf of our client, Canadian Manufacturers & Exporters ("CME"). We have reviewed the Application of Enbridge Gas Distribution Inc. ("EGD") for an order approving or fixing rates for the sale, distribution, storage and transmission of gas effective July 1, 2008.

As a result of our review, we sought clarification from EGD on the following:

- (a) The proposed increases to the delivery charges;
- (b) The extent to which the T-Service credits will match the proposed increases to gas supply transportation; and
- (c) The classification of price differences between gas purchased in Chicago and the Empress reference price as load-balancing and transportation charges.

EGD has provided satisfactory responses to all of CME's concerns.

CME requests an award of its reasonably incurred costs in connection with conducting its review of EGD's QRAM Application and the clarification process. CME will submit a claim for costs if the Board responds favourably to this request.

Yours very truly
