Learn more. Have your say.

B2M Limited Partnership has applied to the Ontario Energy Board (OEB) with a five year plan to change the amount of revenue it earns and to change the transmission rates that are paid by all electricity ratepayers in Ontario. If approved, B2M LP's plan would result in the following impacts on the monthly cost of electricity for an average residential customer:

2015 - no change \$0.00/month

2016 - increase of \$0.04/month

2017 - decrease of \$0.01/month

2018 - increase of \$0.01/month

2019 - no change \$0.00/month

Any change to the provincial transmission rate will cause a change to the delivery line on all electricity bills for all electricity customers in Ontario – both residential and business.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider B2M LP's request. We will question the company on its case. The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
