**Attention: Ms. Kristen Walli

Dear Ms. Walli:

**Re: Proceeding on Commodity Pricing, Load Balancing and Cost Allocation
Methodologies for Natural Gas Distributors in Relation to Regulated Gas Supply
Ontario Energy Board File No. EB-2008-0106
TransCanada Energy Ltd. ("TCE")
Request for Intervenor Status**

The Ontario Energy Board ("OEB" or "Board") in its May 29, 2008 letter initiated a proceeding to determine methodologies for commodity pricing, load balancing and cost allocation for Ontario natural gas distributors. TCE requests intervenor status in this proceeding.

TCE is a market participant in Ontario and will have significant gas-fired generation coming on-stream in the near future. Any changes to the utilities' load balancing methodology could directly impact TCE. Accordingly, TCE has a direct interest in this proceeding, as the matters under consideration may affect the business and operations of TCE.

TCE does not intend to seek an award of costs for its participation in this proceeding.

Please direct all correspondence regarding this proceeding to the following:
