Attention: Kirsten Walli, Board Secretary

Dear Ms. Walli:

**Re: Intervenor Status and Cost Eligibility Request for Low-Income Energy Network
Board File No. EB-2015-0049 - Enbridge DSM Plan**

We are counsel for the Low-Income Energy Network (LIEN). LIEN requests intervenor status in the above-mentioned proceeding and seeks eligibility for a cost award.

LOW-INCOME ENERGY NETWORK

LIEN represents 60 member groups across Ontario. As a network representing the intersection of interests related to low-income consumers and energy and sustainability, LIEN's focus is on reducing the energy bills of all low-income consumers and providing low-income consumers the opportunity to better manage their energy bills. In so doing LIEN addresses customer care matters, commodity prices and rates, and DSM/CDM matters. LIEN helps to ensure that low-income consumers across Ontario have access to conservation programs, technologies and services as well as conservation education, and realize the environmental, energy and economic benefits associated with the more efficient use of energy.

NATURE AND SCOPE OF INTERVENTION

LIEN has been engaged in consultations with both Union Gas and Enbridge Gas Distribution on the development of their 2015-2020 DSM Plans.

LIEN intends to intervene in this proceeding for the following reasons:

- ♦ This proceeding is a continuation of the work that LIEN has been doing with Union Gas and Enbridge Gas Distribution in developing the low-income gas DSM programs for the 2015-2020 period.
- ♦ This proceeding is the only opportunity available to LIEN to have a say in the low-income DSM plan approvals.
- ♦ LIEN intends to support Union Gas and Enbridge Gas Distribution's low-income budgets and programming to ensure that the opportunities provided in the OEB's Natural Gas DSM Guidelines are fulfilled to benefit low-income consumers.
- ♦ This proceeding is critical to low-income consumers as it will result in the direction and programming for low-income natural gas consumers over the next six years.

LIEN intends to participate in all aspects of the proceeding, including any oral hearing and written submissions.

COSTS

LIEN requests that the Board find it eligible for costs under section 3.03 (a) of the Board's Practice Direction on Cost Awards. LIEN "primarily represents the direct interests of residential consumers in relation to regulated services." LIEN has been accepted as a party eligible for an award of costs in many other proceedings before the Board.

As a not-for-profit organization, LIEN's participation in this proceeding is dependent on any cost awards it receives. LIEN intends to coordinate its efforts with other stakeholders to avoid duplication where possible. LIEN has retained Judy Simon & Associates Inc. to provide consulting advice to LIEN in this proceeding. Judy Simon is an expert on energy policy and conservation in Ontario and has been retained for expert advice in many proceedings by LIEN, and other clients, related to these issues.

We request that counsel (Ms. Julie Abouchar and Mr. Matt Gardner) and Ms. Judy Simon, consultant to LIEN, be listed on the intervenors' list under LIEN, since this makes the later distribution of updates more effective.
