Re: **Notice of Hearing for Cost Awards and Decision on Apportionment of Cost Award Recovery**  
**Regional Infrastructure Planning – Establishing the Standing Committee**  
**OEB File Number: EB-2011-0043**

---

### **Background and Decision on Apportionment of Cost Award Recovery**

The Ontario Energy (the OEB) has established a Regional Planning Standing Committee to provide the OEB with on-going assistance related to the review and maintenance of the regional infrastructure planning process.

In its August 18, 2014 letter, the OEB indicated that cost awards would be available to eligible persons under section 30 of the *Ontario Energy OEB Act, 1998* (the “Act”) in relation to their participation Regional Planning Standing Committee activities, and that costs awarded, as well any OEB costs, will be recovered from all rate-regulated electricity distributors and all rate-regulated electricity transmitters. In that letter, the OEB also indicated that costs will be apportioned amongst these entities in a manner to be determined by the OEB at a later date.

The OEB has now determined that costs awarded will be recovered as follows: (a) 60% of the costs awarded will be recovered from rate-regulated licensed electricity distributors and apportioned amongst them based on their respective distribution revenues; and (b) 40% of the costs awarded will be recovered from rate-regulated licensed electricity transmitters and apportioned amongst them based on their respective transmission revenues.

In accordance with the OEB's January 22, 2015 Decision on Cost Eligibility, the following parties have been determined to be eligible for an award of costs in relation to their participation in the work of the Regional Planning Standing Committee:

- Association of Power Producers of Ontario (APPrO)
- Iain Angus
- Ray Quinn

As noted in that Decision, cost award eligibility for Mr. Angus and Mr. Quinn is limited to a recovery of expenses incurred to attend meetings, including airfare, overnight accommodation and meals or alternatively in relation to expenses incurred to participate in a meeting remotely by telecommunication facility.

In its August 18, 2014 letter, the OEB indicated that cost award eligibility would be allowed for actual time spent in each meeting, plus up to a maximum of three hours for preparation and reporting. In accordance with the OEB's January 22, 2015 Decision on Cost Eligibility, APPrO may submit a cost claim on this basis, while Mr. Angus and Mr. Quinn may submit a cost claim in relation to expenses only.

The meetings that have been held to date and for which a cost claim may now be filed are listed below (including the start and end times of each meeting):

- January 19, 2015 (meeting from 9:30AM – 4:30PM)
- March 3, 2015 (meeting from 10:00AM – 4:00PM)
- April 14, 2015 (meeting from 10:00AM – 4:00PM)

This Notice of Hearing addresses cost awards associated with Regional Planning Standing Committee activities to the end of April 2015. The work of this committee is expected to be ongoing, and the OEB will address cost awards related to future work periodically as required.

### **Notice of Hearing**

The OEB is initiating this hearing on its own motion in order to determine the cost awards that will be made in accordance with section 30 of the Act in relation to the eligible activities described above. The OEB intends to proceed by way of written hearing unless a party can satisfy the OEB that there is a good reason for not holding a written hearing. If a party wants to object to a written hearing, the objection must be received by the OEB no later than **7 days** after the date of this Notice of Hearing.

Assuming that the OEB does not receive any objections to a written hearing, the hearing will follow the process set out below.

1. Eligible parties shall submit their cost claims by **May 11, 2015**. The cost claim must be filed with the OEB and one copy is to be served on each rate-regulated licensed electricity distributor and each rate-regulated licensed electricity transmitter. The cost claims must be completed in accordance with section 10 of the OEB's *Practice Direction on Cost Awards*. As contemplated in the *Practice Direction*, the cost claim form has been customized for this consultation. Parties must use the customized form that is attached as Attachment A to this Notice.
2. Electricity distributors and electricity transmitters will have until **May 21, 2015** to object to any aspect of the costs claimed. The objection must be filed with the OEB and one copy must be served on the party against whose claim the objection is being made.
3. A party whose cost claim was objected to will have until **May 28, 2015** to make a reply submission as to why its cost claim should be allowed. A copy of the reply submission must be filed with the OEB and one copy is to be served on the objecting electricity distributor or electricity transmitter.
4. The OEB will then issue its decision on cost awards. The OEB's costs may also be addressed in the cost awards decision.

Service of cost claims, objections and reply submissions on other parties may be made by courier, registered mail, facsimile or e-mail.

Parties must file two paper copies and one electronic copy of their filings with the OEB Secretary by **4:45 pm** on the required dates. The OEB requests that parties make every effort to provide electronic copies of their filings in searchable / unrestricted Adobe Acrobat (PDF) format, and to submit their filings through the OEB's web portal at <https://www.pes.ontarioenergyOEB.ca/eservice/>. A user ID is required to submit documents through the OEB's web portal. If you do not have a user ID, please visit the "e-filings services" webpage on the OEB's website at [www.ontarioenergyOEB.ca](http://www.ontarioenergyOEB.ca), and fill out a user ID password request. Additionally, interested parties are requested to follow the document naming conventions and document submission standards outlined in the document entitled "RESS Document Preparation – A Quick Guide" also found on

the e-filing services webpage. If the OEB's web portal is not available, electronic copies of filings may be filed by e-mail at [OEBsec@ontarioenergyOEB.ca](mailto:OEBsec@ontarioenergyOEB.ca). Persons that do not have internet access should provide a CD or diskette containing their filing in PDF format.

All filing must quote file numbers **EB-2011-0043** and include your name, address telephone number and, where available, your e-mail address and fax number.

All filings in this hearing (i.e., cost claims, objections, or replies), will form part of the public record. Copies of the filings will be available for inspection at the OEB's office during normal business hours and the filings may be placed on the OEB's website.

If the filing is from a private citizen (i.e., not a lawyer representing a client, not a consultant representing a client or organization, not an individual in an organization that represents the interests of consumers or other groups, and not an individual from a regulated entity), before making the filing available for viewing at the OEB's offices or placing the filing on the OEB's website, the OEB will remove any personal (i.e., not business) contact information from the filing (i.e., the address, fax number, phone number, and e-mail address of the individual). However, the name of the individual and the content of the filing may be available for viewing at the OEB's offices and will be placed on the OEB's website.

**If you do not file a letter objecting to a written hearing or do not participate in the hearing by filing written materials in accordance with this Notice, the OEB may proceed without your participation and you will not be entitled to further notice in this proceeding.**

Yours truly,
