Dear Mr. Eade,

Thank you for submitting a letter of comment to the OEB regarding the Hydro Ottawa's Custom Incentive Rate application EB-2015-0004. The application will be decided through a public hearing.

Your letter was received prior to the publication of the Notice. The Notice advises that if you write a letter of comment, your name and the content of your letter or the documents you file with the OEB will be put on the public record and the OEB website. However, your personal telephone number, home address and e-mail address will be removed. If you are a business, all your information will remain public. The Notice also advises on applying for intervenor status. The Notice can be viewed on the Board's website at www.ontarioenergyboard.ca.

In consideration of this, please inform the OEB if you wish your letter to become part of the record.

If your letter becomes part of the record, it will also be provided directly to the panel of OEB members who will be deciding whether the application is approved. The panel will consider your comments in reaching their decision. The applicant may also respond to your letter. You will receive a copy of the OEB's decision when it is released.

In reaching its decision, the panel will only be able to consider comments which relate to issues which are within the authority of the OEB and relevant to the issues being considered by the panel.

Yours truly,
