**Learn more. Have your say.**

**Guelph Hydro Electric Systems Inc. has applied to the Ontario Energy Board to increase the amount it charges by \$4.05 each month for the typical residential customer beginning on January 1, 2016. Other customers, including businesses, may be affected as well.**

### THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Guelph Hydro's request. We will question the company on its case for a rate increase. We will also hear arguments from individuals and from groups that represent Guelph Hydro's customers. At the end of this hearing, the OEB will decide what, if any, increase will be allowed.

Distributors such as Guelph Hydro typically apply for a full review of their rates every five years. Any rate changes for the years in between are made by applying a formula that is tied to inflation and other factors intended to promote efficiency. You may not get notice of future rate changes made by applying the formula.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

### BE INFORMED AND HAVE YOUR SAY
