Dear Ms. Walli:

**Re: Consultation on Rate Design for Electricity Commercial and Industrial Customers –  
Late Request to Participate  
OEB File No. EB-2015-0043**

---

Pursuant to the OEB's May 28, 2015 letter initiating the above-referenced consultation, Toronto Hydro respectively submits a late request for participation in this important initiative. Toronto Hydro did not meet the OEB's registration timeline due to an administrative error. However, the utility believes that it is in a position to make an important contribution to this proceeding, given the scale and variety of commercial and industrial customers we serve and regularly interact with.

Should the OEB approve Toronto Hydro's late participation request, the utility requests that all the relevant correspondence be addressed to:

Mr. Darryl Seal

Thank you for your consideration, and we look forward to future work on this matter.

Sincerely,
