2			Application
3			Evidence
	A		Project Summary
	B		Community Consultation
	C		Route Selection
	D		Engineering
	E		Construction
	F		Environmental Matters
	G		Land Matters
	H		Schedules
			1
		2	Environmental Report
		3	Project Schedule
		4	Class Study Assessment
		5	Construction Techniques
		6	Environmental Report Comments and Responses
		7	List of Properties, Landowners and Dimensions of Permanent Easement

LIST OF ABBREVIATIONS

“**Alternate Route C**” means the preferred route to construct the Proposed Pipeline within the RoW which runs between the Existing Valve Site and the Corunna Facility.

“**Alternate Route A**” and “**Alternate Route B**” means two additional routes identified to be environmentally acceptable and constructible options to transport NGLs between the Existing Valve Site and the Corunna Facility.

“**CD**” means compact disk.

“**Corunna Facility**” means a petrochemicals facility at 785 Petrolia Line, Corunna, Ontario.

“**CSA**” means Canadian Standards Association.

“**CSA Z662**” means Code Z662-11 for the Oil and Gas Pipeline Systems.

“**EPP**” means the Project’s Environmental Protection Plan.

“**ER**” means the Environmental Report of the construction and operation of the Proposed Pipeline prepared by Stantec Consulting Limited and updated to reflect comments received following circulation in May, 2015.

“**Existing Valve Site**” means Plains’ existing NOVA valve site.

“**HAR**” means Heritage Assessment Report.

“**HDD**” means Horizontal Directional Drill.

“**HVP**” means high vapour pressure.

“**hydrocarbon**” means “**natural gas liquids**” or “**NGLs**”.

“**Kimball Pipeline Replacement Project**” means the project to construct the Proposed Pipeline (also known as the “**Project**”).

“**Kinder Morgan**” means Kinder Morgan Cochin LLC.

“**km**” means kilometres.

“**m**” means metres.

“**MNRF**” means Ontario Ministry of Natural Resources and Forestry.

“**MOECC**” means Ontario Ministry of Environment and Climate Change.

“**MTCS**” means Ontario Ministry of Tourism, Culture and Sport.

“**NDE**” means non-destructive examination of pipeline joints.

“**NOVA Chemicals**” means NOVA Chemicals (Canada) Ltd.

“**NGLs**” means “**hydrocarbon**” or “**natural gas liquids**”.

“**natural gas liquids**” means “**NGLs**” or “**hydrocarbon**”.

“**NEB**” means the National Energy Board.

“**New Valve Site**” means the new valve site for the Proposed Pipeline at the Corunna Facility.

“**NPS**” means nominal pipe size.

“**OEB**” means the Ontario Energy Board.

“**OEB Act**” means the *Ontario Energy Board Act*.

“**OEB Environmental Guidelines**” means the OEB Environmental Guidelines for the Location, Construction and Operation of Hydrocarbon Pipelines and Facilities in Ontario, 6th Edition (2011).

“**OPCC**” means Ontario Pipeline Coordinating Committee.

“**Plains**” means Plains Midstream Canada ULC.

“**Proposed Pipeline**” means approximately 4 kms of hydrocarbon (natural gas liquids or “**NGLs**”) pipeline having a NPS of 12 inches to be installed in the RoW.

“**Project**” means the project to construct the Proposed Pipeline, (also known as the “**Kimball Pipeline Replacement Project**”).

“**Proposed Pipeline Route**” means the preliminary preferred route, Alternate Route C, the preferred route for the Proposed Pipeline.

“**RoW**” means the existing pipeline right of way comprised of a series of easements registered in favour of NOVA Chemicals.

“**Stantec**” means Stantec Consulting Limited.

“**Study Area**” means the study area defined and investigated in the ER.

“**WWR**” means water well records.
