Kirsten Walli
Board Secretary
Ontario Energy Board,
2300 Yonge St. Suite 2700, P.O. Box 2319
Toronto, Ontario M4P 1E4
Dear Ms. Walli:

RECEIVED

JUN 26 2015

ONTARIO ENERGY BOARD

Re: **Sunny Shore LP**
Licence Amendment – EG-2013-0422

EB-2015-0211

Sunny Shores LP (“Sunny Shores”) is licensed to generate electricity in the province of Ontario under Electricity Generating Licence EG-2013-0422. Under the terms and conditions of its generating licence, Sunny Shores is permitted to generate electricity at its solar facility located in the Township of Sophiasburgh, Prince Edward County, Ontario until January 29, 2034.

Sunny Shores has entered into a Feed-In Tariff (“FIT”) contract with the Independent Electricity System Operator for its solar facility that expires on June 15, 2034. The facility is funded through a promissory note held by Infrastructure Ontario. Under the terms of the promissory note, the balance is payable in full upon expiration of its FIT contract. Infrastructure Ontario has requested that Sunny Shores apply for an amendment to its licence to extend the term of the licence to coincide with the terms of its FIT contract and the promissory note.

Sunny Shores is now seeking an amendment to the terms and conditions of its licence to permit it to generate electricity at its solar facility until June 15, 2034. Sunny Shores requests that the Board dispose of this proceeding without a hearing, pursuant to section 21(4) (b) of the Ontario Energy Board Act, 1998. Sunny Shores submits that no other person will be affected in a material way by the outcome of this proceeding and consents to the disposition of this proceeding without a hearing. Sunny Shores also submits that there will be no impact on competition or customer choice with respect to generation, energy wholesalers and/or energy retailers by extending the expiration date of its generation Licence to June 15, 2034.

Respectfully submitted,

Scott Mudie
Chief Operating Officer
