Dear Ms. Walli:

Re: EB-2015-0200 – Union Gas Limited (Union) 2017 Dawn Parkway Expansion.

Industrial Gas Users Association (IGUA) Request for Intervention.

Further to Union's Application and pre-filed evidence herein, we write as legal counsel to IGUA to request that IGUA be granted intervenor status in the captioned proceeding.

Description of IGUA

IGUA is an association of industrial companies located in the Canadian provinces of Manitoba, Ontario and Québec, who use natural gas in their industrial operations. IGUA was first organized in 1973 and it provides a coordinated and effective public policy and regulatory voice for those industrial firms depending on natural gas as a fuel or feedstock. IGUA has become the recognized voice representing the industrial user of natural gas before regulatory boards and governments at both the provincial and national levels.

The Association's activities are guided by a 15 member Board of Directors, constituted to assure that each industrial sector and geographic region is represented. The Board of Directors has regularly scheduled meetings at least six times each year. A full time President and other staff are based in a permanent office in Ottawa.

Through regulatory intervention, government advocacy, marketing, promotion, partnerships, education and outreach, IGUA successfully represents industrial gas users. Our mission is to be the voice of our members within the natural gas industry through intervention, advocacy, and partnerships.

Nature and Scope of IGUA's Intended Participation

IGUA's interest in this application stems from both the cost consequences of the proposed expansion to its members, and the role that the expansion will play in the evolving gas transportation and supply arrangements for Ontario gas consumers.

IGUA intends to be an active participant in this application, and other applications now before the Board which are related to the ongoing evolution of the Ontario gas market. IGUA will seek to understand the role of the proposed expansion in that ongoing evolution and thus evaluate its position on the approvals requested herein.

Intention to Seek an Award of Costs

IGUA also hereby requests that it be determined eligible for recovery of its reasonably incurred costs of its intervention herein.

As a party primarily representing the direct interests of industrial consumers (i.e. ratepayers) in relation to regulated services, IGUA has in the past been determined to be eligible for cost awards pursuant to section 3.03(a) of the Board's *Practice Direction on Cost Awards*.

Request for Written Evidence and Contact Information
