Dear Ms. Walli:

Re: EB-2014-0182 – Union Gas Limited ("Union") – Burlington Oakville Pipeline Project – Applicant Reply Evidence

We are counsel to the Applicant in the above-referenced proceedings. To assist the Ontario Energy Board (the "Board") in its administration of this proceeding, this letter is to advise the Board that the Applicant intends to file reply evidence in respect of certain matters arising from the joint evidence of the Ontario Greenhouse and Vegetable Growers Association ("OGVG") and Canadian Manufacturers and Exporters ("CME") filed on June 29, 2015 and their response to interrogatories filed on July 20, 2015. The reply evidence will address various aspects, including those related to the cost comparison between Union's project and OGVG/CME's proposal and the upstream supply issues associated with the OGVG/CME proposal.

The Applicant is currently analyzing the OGVG/CME interrogatory responses and the associated data and is not presently able to advise on the exact timing of the filing of the evidence. However, the Applicant will endeavor to file the evidence no later than August 5, 2015.

Yours truly,

for Charles Keizer
