**RE: EB-2014-0182 Union Gas Burlington Oakville Project
FRPO Request for Late Intervention**

REQUEST & SUPPORT

I am writing on behalf of the Federation of Rental-housing Providers of Ontario (FRPO) in regard to the Burlington Oakville project proceeding. The Application requests a “Leave to Construct” under section 90 of the Act and the approval of the cost consequences of the project. The project and associated rate impacts have effect on the members of the FRPO.

FRPO is Ontario’s leading advocate for quality rental housing, representing over 800 private owners and managers who supply over 350,000 rental suites across the province. Our members strongly believe that the rental-housing sector is best served by a competitive marketplace that offers choice and affordability in the provision of energy services. As a not-for-profit organization, FRPO does not have other funding sources to ensure experienced representation to participate in and assist the Board with regulatory proceedings. FRPO has previously assisted the Board in other matters and has been awarded costs by the Board. Therefore FRPO would respectfully request a determination of eligibility for cost award in this proceeding.

ISSUES & INVOLVEMENT

The issues that have developed in this proceeding are complex and potentially far reaching. As a result, FRPO respectfully requests late intervention to ensure that its members’ interests are heard. FRPO understands that the proceeding has been underway for some time and would accept the record.

As such, FRPO respectfully requests involvement in the remaining facets of this proceeding. FRPO will collaborate with intervenors of similar interest and act in a responsible manner consistent the Board's Practice Directions.

REPRESENTATION

If the intervention requested is granted, then FRPO asks that further communications with respect to this matter be sent to the following:
