**OEB STAFF INTERROGATORIES on Green Energy Coalition (GEC)'s Evidence (2)
(Exhibit L.GEC.2)**

August 7, 2015

Interrogatory #1

Ref: General

Questions:

- a) Please clearly state how your recommendations and findings in GEC's Evidence (2) have been incorporated into GEC's Evidence (1), and in particular, how these findings have been used to derive the results shown in Table 3 of GEC Evidence (1).

Interrogatory #2

Ref: Section III, Pages 12-14, Figures 1 and 2

Questions:

- a) Please compare the AEO 2012 and 2014 results from Figures 1 and 2, and explain the differences. Provide rationale for using only the 2014 estimates to calculate price suppression effects.
- b) Please describe how the methodology used to estimate the price suppression effects has appropriately accounted for the effect of DSM in Ontario. In doing so, please state any assumptions used in the methodology.
- c) Please confirm whether this methodology is consistent with other jurisdictions.
