Union Gas Limited has applied for approval to change its gas commodity, storage and transportation rates effective January 1, 2016.

Learn more. Have your say.

Union Gas Limited has applied to change its rates to better reflect how it supplies natural gas to its customers. The proposed changes include the following:

- A change in the reference price used to set rates on a quarterly basis for a majority of its customers; and
- A change to how it allocates costs to the different types of customers that it serves.

An average residential customer would see the following annual bill impact, but these impacts would only start in 2018:

Residential Customer – Service Area	Approximate Bill Impact
Southern Ontario (Windsor to Hamilton)	Decrease of \$20
Northern Delivery Area (North Bay to Kapuskasing)	Increase of \$26
All Other Delivery Areas	Decrease of \$1.50 – \$51.50

Other customers in Union Gas Limited's service area, including businesses, will also be affected.
