Toronto ON M4P 1E4

Dear Ms. Walli:

Re: File Number EB-2015-0004, Hydro Ottawa Limited - Application for 2016-2020 Distribution Rates (the "Application"), Undertakings

Further to the technical conference in this matter on August 25, 2015, please find attached the responses of Rogers Communications Partnership ("Rogers") to undertakings JTC3.2 and JTC3.3.

Rogers is filing the invoice attached to response JTC3.3 in confidence with the Board. As this is a Hydro Ottawa document, it is also being provided to Hydro Ottawa. The invoice identifies the number and nature of Rogers' attachments to Hydro Ottawa poles. This is commercially sensitive information that is consistently treated as confidential by Rogers and the disclosure of which could cause harm to Rogers by prejudicing its competitive position.

Sincerely,

A handwritten signature in blue ink, appearing to read "Leslie Milton".

Leslie J. Milton
