Dear Ms. Walli:

**Re: File Number EB-2015-0004, Hydro Ottawa Limited - Application for 2016-2020 Distribution Rates (the “Application”), Undertakings**

Further to the technical conference in this matter on August 25, 2015, please find attached the responses of Quebecor Media (“Quebecor”) to undertaking JTC3.3. Quebecor is continuing to review its records with respect to undertaking JTC3.2.

Quebecor is filing the invoice attached to response JTC3.3 in confidence with the Board. As this is a Hydro Ottawa document, it is also being provided to Hydro Ottawa. The invoice identifies the number and nature of Quebecor’s attachments to Hydro Ottawa poles. This is commercially sensitive information that is consistently treated as confidential by Quebecor and the disclosure of which could cause harm to Quebecor by prejudicing its competitive position.

Sincerely,

A handwritten signature in blue ink, appearing to read "Leslie Milton".
