

Ontario Energy Board Commission de l'énergie de l'Ontario

DECISION AND ORDER

EB-2015-0208

ND ENERGY INC.

Application for a Unit Sub-Metering Licence

BY DELEGATION,

BEFORE: Peter Fraser
Vice President, Industry Operations & Performance

September 3, 2015

ND Energy Inc. filed an application on June 23, 2015 with the Ontario Energy Board (OEB), under section 60 of the Ontario Energy Board Act, 1998 for Unit Sub-Metering Licence.

A Notice of Application and Written Hearing was posted on the OEB's website on July 20, 2015. The Notice provided time for submissions on the application, as well as a reply from the applicant. On August 10, 2015 OEB staff filed its submission, in confidence. No other person filed a submission. ND Energy Inc. did not file a reply.

This Decision and Order is being issued by Delegated Authority, pursuant to Section 6 of the Act. After considering the evidence and the submission of OEB staff, I find it to be in the public interest to issue a Unit Sub-Metering Licence to ND Energy Inc. The licence shall be effective for an initial period of two years. As a new entrant to the market, ND Energy Inc. can use the next two years to demonstrate that it is a reliable participant in the Ontario electricity market.

IT IS ORDERED THAT:

1. The application for a unit sub-metering licence is granted, on such conditions as are contained in the attached licence.

DATED at Toronto, September 3, 2015
